

NU-CHIP CYPRESS TERRACOTTA

Nu-chip Cypress Terracotta is a premium quality decorative garden mulch rich in colour that beautifully enhances any type of garden. It is a natural deterrent of harmful insects, including cockroaches and termites (including the West-Indian termite). This mulch has a slow break-down rate.

WHAT ARE ITS USES?

Nu-chip Cypress Terracotta is an excellent product to use in white ant areas, and is also well-suited to windy areas.

HOW IS IT APPLIED?

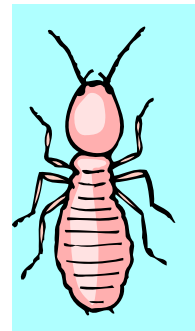

For maximum benefit Nu-chip Cypress Terracotta should be placed on top of the garden to a minimum depth of 100mm for it to produce the desired results.

WHAT ARE ITS BENEFITS?

Nu-chip Cypress Terracotta will:

- **Help to retain moisture in the garden**
- **Controls and suppresses weed growth**
- **Helps regulate soil temperature**
- **Enhance the visual appearance of any garden environment, and is completely safe to use around all plant types as it is pH neutral**

**DO NOT
ENTER**
