Standard Block

Full End Block

Half End Block

Full Corner Block

Versaloc is a mortarless block system. This block features an interlocking system that removes the need for mortar and plastic connectors whilst maintaining lateral strength. These blocks are suitable for building retaining walls, basement walls, comprehensive load capacity walls, fences, letterboxes, BBQs and party walls. The first layer of blocks should be mortared to a concrete base to provide line and level for the remaining block courses. Backfill wall with a 300mm width of gravel and lay continuous aggi pipe located at the base of the wall. Engineering specifications can be found on Nuway's Web site

DELIVERY: The above prices are the delivered prices for metropolitan and Gold Coast deliveries. However there is a minimum charge of **\$95.00 for orders under 3 tonne (or \$140 if north of Noosville)**

Deliveries to areas outside the Brisbane & Gold Coast Metro region will attract extra delivery charges (ie north of Deception Bay, south of Tweed Heads, West of Ipswich and hard to reach locations such as Mt Tamborine. Ring supplier for delivery fee.)

Please contact your nearest adbri location when pallets are available for collection.
