

QLD RED CYPRESS

QUEENSLAND RED CYPRESS BARK & MULCH FACT SHEET

Queensland Red Cypress Bark & Mulch is a premium quality garden mulch rich in colour that beautifully enhances any type of garden. It is a natural deterrent of harmful insects, including termites and cockroaches (including the West-Indian termite). This mulch retains its colour and has a slow break-down rate, and is:

- Vibrant red-brown colour, great for contrast with plantings
- Rich in texture; and
- Possesses excellent water holding properties

WHAT ARE its USES?

Red Cypress Bark & Mulch is an excellent product to use in white ant areas, and is well-suited for steep slopes and windy areas.

HOW IS IT APPLIED?

For maximum benefit, Queensland Red Cypress Bark & Mulch should be placed on top of the garden to a minimum depth of 100mm for it to produce the desired results.

WHAT ARE ITS BENEFITS?

Red Cypress Bark & Mulch will:

- Help to retain moisture in the garden
- Controls and suppresses weed growth
- Helps regulate soil temperature
- Enhance the visual appearance of any garden environment, and is completely safe to use around all plant types as it is pH neutral
