

# SuperSoil – Premium Garden & Veggie Soil

The Nutrient-Rich Foundation for Thriving Gardens

## About SuperSoil

SuperSoil is a premium blend designed to deliver exceptional results for vegetable gardens, flower beds, and landscaping projects. Carefully balanced to AS 4454 standards, this mix provides the perfect combination of organic matter, minerals, and structure to promote strong, healthy plants. With a texture and composition suited for a wide range of uses, SuperSoil supports everything from seedlings to established shrubs.

## Key Ingredients & Benefits (Per 1m<sup>3</sup>)

### 30% Composted Green Waste (16-week process to AS 4454)

- Enriches soil with organic matter and nutrients
- Improves water retention while maintaining drainage
- Encourages healthy microbial activity for robust plant growth

### 15% Screened Topsoil

- Provides a stable base for root establishment
- Adds mineral content for balanced nutrition
- Improves soil texture and structure

### 5% Screened Stabilised Chicken Manure

- Natural source of nitrogen, phosphorus, and potassium (NPK)
- Boosts soil fertility for strong, vibrant plants
- Supports flowering and fruiting stages in edibles and ornamentals

### 50% Bark and Coarse Sand (0–20mm)

- Enhances aeration and prevents compaction
- Improves drainage to protect against root rot
- Creates an ideal balance of structure and porosity

## Why Choose SuperSoil?

- ✓ **Nutrient-Dense** – Packed with organic matter and minerals for all-round plant health
- ✓ **pH Balanced** – Creates the right conditions for nutrient uptake
- ✓ **Great for Vegetables & Flowers** – Formulated to support both edible and ornamental gardens
- ✓ **Excellent Drainage & Aeration** – Prevents waterlogging while retaining essential moisture
- ✓ **Sustainable** – Made from recycled, composted, and natural materials

## Best Uses

- 🥕 **Vegetable Gardens** – Boosts yields and plant vitality
- 🌸 **Flower Beds** – Encourages vibrant blooms and healthy foliage
- 🌱 **Seedlings & New Plantings** – Gentle yet nutrient-rich foundation for young plants
- 🌳 **Shrubs & Small Trees** – Supports root growth and long-term health
- 🏡 **Raised Garden Beds** – Perfect for structured, high-performance planting areas
