TONNAGE/CUBIC METRE CONVERSION - Some retailers sell by weight or tonnage this can appear cheaper, but can be deceiving. I.E. m3 of concrete blend can weigh up to 2 tonnes particularly if its wet, therefore the tonnage retail price can appear to be up to half the price of a meterage price.

The tonne to M3 ratio is shown next to the price of all soils, sands and gravels this indicates how much 1m3 of each product weighs.

* Product's not held at Nuway Burpengary Store. However, product's can be delivered directly for an extra surcharge of \$20.
