

TURF CHOICES

Standard Slabs: 1210x620 (0.75m²)		
TURF CHOICES	PER M²	PER SLAB
Sir Walter Buffalo	\$13.80	\$11.10
Sapphire Buffalo	\$13.80	\$11.10
Empire Zoysia	\$13.80	\$11.10
Nara Native Zoysia	Temporarily unavailable	
Augusta Zoysia	\$24.90	\$20.60
Wintergreen Couch	\$7.20	\$6.60
Ironcutter Hybrid Bermuda	\$13.60	\$10.90

To calculate how many slabs are needed to cover a certain area, divide m² area of turf to be laid by 0.75

Lawn Blocks: 610x400 (0.25m²)		
TURF CHOICES	PER M²	PER BLOCK
Sir Walter Buffalo	\$14.27	\$3.57
Sapphire Buffalo	\$14.27	\$3.57
Empire Zoysia	\$14.27	\$3.57
Nara Native Zoysia	Temporarily unavailable	
Augusta Zoysia	\$27.55	\$6.89
Wintergreen Couch	\$7.74	\$1.94
Ironcutter Hybrid Bermuda	\$14.46	\$3.62

To calculate how many Lawn Blocks are needed to cover a certain area, divide m² area of turf to be laid by 0.25

COST OF LAYING TURF	QTY	RETAIL
The laying fee covers " Installation only " that is, laid on a prepared surface. The soil bed must be prepared before delivery at a depth of 100-150mm and levelled up. Turf will then be laid on this surface, rolled, then watered.	Up to 200m ²	\$480.00
	201m ² - 1000m ²	\$2.40/m ²
	1001m ² +	\$2.20/m ²
COST OF WHEEL-BARROWING A Wheel-Barrowing fee will apply if the turf has been delivered more than 10 metres distance to the laying site, if the site is difficult to access, double handling materials, carrying turf by hand, barrowing up or down stairs or steep slopes, walking turf through properties, extremely wet conditions.		\$0.77/m ²
Cost of laying on Saturday + Double Time on above prices		
CANCELLATION FEE (ON THE DAY) For areas unprepared, etc.		\$385.00
EXTRA FEES: if an induction is required.		

DELIVERY RATE: \$130.00. (Free if over 300m²)

The standard delivery area includes Brisbane Metro, as far as Gympie, Pottsville and Amberley. If you require a delivery outside these regions please ask a Nuway staff member to quote a price for delivery. Extra freight will be charged for difficult access. Forklift is available for direct to site deliveries. A pallet less system is used.

AQUATURF 1 LTR (Liquid wetting agent)	\$36.00
FERTILSER SPREADER	\$35.00

DESCRIPTION:

Sir Walter - Sir Walter Buffalo Grass is known for its shade tolerance and is able to handle 70% shade, which is more than most other varieties. Sir Walter can tolerate extreme heat, frost or drought also has the ability to maintain colour and coverage during winter months. Sir Walter has a tight growth habit of the roots and will hold out most weeds and common grasses that may be present. The ability to repair quickly if damaged will lessen the likelihood of those dreaded bare patches.

Sapphire - A finer textured Buffalo with a deep green and a tinge of blue (Sapphire) colour, excellent wear resistance due to Sapphire being able to recover well from any injury caused. Salt resistant grass and low water usage. Shade tolerance of 70% per day

Empire Zoysia - Fine deepest green leaf with a luxurious soft to touch feel - It is a semi shade tolerant (requires 4-5 hours full sun per day) It is one of the most drought tolerant turf varieties, with its deep root and underground runner system. Grows well in clay & sandy soils.

Nara Native Zoysia - Nara Native Zoysia has a medium-fine leaf with a very high drought tolerance. A shade tolerance of 50%. Performs in heat and humidity and has a high salt tolerance. Perfect for coastal areas, including beachfront and waterfront properties.

Augusta Zoysia - Augusta Zoysia lawn if you are wanting a finer leaf lawn which is dark green, can handle over 75% shade, is low maintenance, has a low water, nutrient and fertiliser requirements then Augusta Zoysia if for you. Perfect for your lawn at home, parks, sports fields & golf courses

Wintergreen - Wintergreen Couch has a fine bright green leaf. Wintergreen lawn needs to be in full sun, needs 7-8 hours direct sunlight per day. Ideal for Parks, Sports fields, Road Verges, Footpaths, Dam walls & Residential yards.

Ironcutter - With its vibrant, deep green hue, engineered for superior performance, Ironcutter Hybrid Bermuda excels in Australian conditions. With its low-thatch nature, Ironcutter ensures easier upkeep, enhanced wearability, and faster recovery from wear and tear. Produces low seed head (common irritant to people with allergies) and has a high drought tolerance. Requires 75% sun per day.

LAWN PREPARATION & INSTALLATION - Please refer to Nuway's Guide to laying turf.
